Lecturer / Livestock Judging Team Coordinator  
Department of Animal Science  
Texas A&M University

The Department of Animal Science at Texas A&M University invites applications to fill a 10-month, non-tenure track Lecturer / Livestock Judging Team Coordinator position.

RESPONSIBILITIES:

The successful candidate will have the following responsibilities:

Teaching

- ANSC 108 – General Animal Science Lab (Fall and Spring)
- ANSC 215 – Introduction to Livestock Evaluation (Spring)
- ANSC 315 – Livestock Judging (Fall)
- ANSC 489 – Meat Animal Evaluation Team (Spring)
- Other courses consistent with incumbent’s expertise and departmental needs.

Coaching Coordinator

- Junior Livestock Team
- Senior Livestock Team
- Live Animal component of the Meat Animal Evaluation Team

Outreach Activities

- Host livestock judging camps at Texas A&M University
- Coordinate involvement with 4-H and FFA livestock judging contests

QUALIFICATIONS:

Earned master’s degree in Animal Science or closely related field with preference given to experience with coaching a collegiate livestock judging team. Demonstrated commitment to excellence in classroom instruction and the ability to develop innovative, effective methods of teaching undergraduate courses. The successful candidate must have been a member of a competitive livestock judging team at the collegiate level and have a strong production livestock background. Excellent communication and interpersonal skills, along with the ability to work effectively with a diverse clientele including students, staff, faculty and producers. The incumbent will have an opportunity to pursue a PhD.

SALARY: Commensurate with qualifications and experience.

DATE AVAILABLE: June 1, 2016.
APPLICATION REVIEW: Position is open until filled. Review of applications will begin April 1, 2016.

APPLICATION PROCESS: Applicants should submit a letter of application, résumé, academic transcripts, a brief statement of specific experience in livestock judging and the contact information of at least three references to: Dr. Jim Sanders (j-sanders1@tamu.edu), Department of Animal Science, 2471 TAMU, Texas A&M University, College Station, TX 77843-2471.

The Texas A&M University System is an equal opportunity employer, is committed to building a diverse work environment and fosters a culture that values diversity in all its forms.
