## Degree Information

As the largest and most complex department of its kind in the nation, the Department of Animal Science at Texas A&M University is a nationally- and internationally-recognized leader in animal agriculture. Through innovative and dynamic research, teaching, and Extension programs, we strive to improve lives through the discovery, integration, dissemination, and application of science-based knowledge of animals and animal products.

Advanced degrees available:

- Animal Breeding
- Animal Science
- Physiology of Reproduction
- Equine Industry Management

Interdisciplinary degree programs:

- Biotechnology
- Genetics

**AGRICULTURE  
& LIFE SCIENCES**  
TEXAS A&M UNIVERSITY

## Graduate Studies

**Animal Science**

**Animal Breeding**

**Physiology of  
Reproduction**

**Equine Industry  
Management**

**MS**

**MAgr**

**PhD**

## Admission

Please visit <http://animalscience.tamu.edu> for information regarding the admissions process.

## Faculty Expertise

The Department boasts outstanding and award-winning faculty who work across a diverse range of fundamental and applied scientific disciplines to develop sustainable solutions for animal production and product systems applicable to Texas and beyond

## Facilities

Our teaching, research, and outreach programs and activities are supported by modern, state-of-the-art facilities.

Please contact us for additional information or to schedule a visit. We are excited about our future and look forward to welcoming you to Aggieland!
